

Financial Aid Forms

Please do not submit documentation that reads, "**Do Not File, Preview Copy**" in the watermark. It must be the **official copy** that was submitted to the IRS. If your tax preparer cannot provide you with that copy then you must request a tax transcript from the IRS.

You can obtain a free transcript by calling the IRS at (800) 829-1040 and following the prompts in the recorded message.

Please make sure all documents submitted are signed and dated.
