

PHOTOGRAPHY MAJORS (Suggested Associate in Arts Degree Curriculum)

This worksheet is designed to help students select courses which are likely to apply to a major in **PHOTOGRAPHY, PHOTOJOURNALISM, or PROFESSIONAL PHOTOGRAPHY**. This suggested curriculum provides basic courses for building technical competency as well as the general education foundation needed to enhance creativity and appreciation for aesthetics. These suggested courses satisfy the Associate in Arts Degree requirements at Prairie State College and provide the basis for transferring to a four-year institution. This program meets the guidelines of the **IAI (Illinois Articulation Initiative) General Education Core**. Students should obtain a copy of the Prairie State College **Associate in Arts Degree Worksheet** and should visit the IAI website at www.iTransfer.org for additional information.

PORTFOLIO REVIEW: Students are encouraged to begin development of a substantial personal photography portfolio. Students planning to pursue a baccalaureate degree should be aware that **transfer admission to photography-related programs is competitive and most schools require a portfolio review** for admission to programs, or for registration in advanced courses in photography, and/or for scholarship consideration. (**Portfolio Guidelines: IAI provides sample guidelines for preparing portfolios.** Go to www.iTransfer.org. Click on IAI MAJORS. Click on ART. Click on ART A.A. IAI RECOMMENDATIONS. Under ART CORE COURSES, find link for ART PORTFOLIO REVIEW).
