

## PSYCHOLOGY MAJORS (Suggested Associate in Arts Degree Curriculum)

This worksheet is designed to help students select courses which are likely to apply to a major in **PSYCHOLOGY**. These suggested courses satisfy requirements in the Associate in Arts degree program at Prairie State College and provide the basis for transferring to a four-year institution. This program meets the guidelines of the **IAI (Illinois Articulation Initiative) Baccalaureate Major Panel for Psychology**. Students should obtain a copy of the **Associate in Arts Degree Worksheet** and visit the IAI website at [www.iTransfer.org](http://www.iTransfer.org) for more information.

The Psychology transfer program provides a broad general education background and prepares students for the specialized course work undertaken during the last two years of a baccalaureate program. Students who plan to major in psychology are encouraged to complete foundation course work in sciences and mathematics in addition to a core of basic psychology courses. It is recommended that students complete the Associate in Arts degree prior to transfer.

## PSYCHOLOGY MAJOR COURSE RECOMMENDATIONS (23-25 credits)

(Check with the school to which you plan to transfer to verify the transferability of these courses for this major)

Select 23-25 credits from the “suggested” course recommendations listed below:

### Required IAI Psychology Major courses:

PSYCH 102 (3) [S6 902] Human Growth & Development: Life-Span (Prereq. PSYCH 101)

### Suggested IAI major field courses: Select two courses (6 credits)

PSYCH 203 (3) [PSY 905] Abnormal Psychology (Prereq. PSYCH 101)

PSYCH 204 (3) [PSY 906] Industrial/Organizational Psychology (Prereq. PSYCH 101)

PSYCH 212 (3) [PSY 907] Theories of Personality (Prereq. PSYCH 101)

PSYCH 215 (3) [S8 900] Social Psychology (Prereq. PSYCH 101)

### Other suggested psychology major courses often include: (14-16 credits)

Note: Students who plan to major in psychology are also encouraged to complete additional foundation courses in sciences (e.g. biology, chemistry, physics) and mathematics (e.g. college algebra, calculus and statistics). The number of psychology courses taken at the freshman/sophomore level should generally not exceed 12 credits and should be limited to the courses on this planning guide.

BIOL 221 (4) Human Anatomy and Physiology I (Prereq. BIOL 111 with C or better; or CHEM 105 with C or better; or high school chemistry within the past 5 years with C or better)

BIOL 222 (4) Human Anatomy and Physiology II (Prereq. BIOL 221)

### Other suggested courses that satisfy the PSC AA degree requirements may include electives such as:

Any additional general education courses selected from Areas B, C, D, or E

Any entry level majors course in a transferable major area

Any foreign language courses\*

Up to four credits of physical education courses

Additional courses recommended as transferable by the school to which you plan to transfer.

\***Foreign Language Requirement:** Some universities have a foreign language requirement. Generally, four years of a single foreign language in high school, or four semesters in college, will fulfill this requirement. It is recommended that students complete the entire sequence at one institution.
