

pre-OCCUPATIONAL THERAPY MAJORS (Suggested Associate in Science Degree Curriculum)

This worksheet is designed to help students select courses which are likely to apply to a **pre-OCCUPATIONAL THERAPY** program. These suggested courses satisfy requirements in the Associate in Science Degree requirements at Prairie State College and provide the basis for transferring to a four-year institution. This program meets the guidelines of the **IAI (Illinois Articulation Initiative) General Education Core**. Students should obtain a copy of the **Associate in Science Degree Worksheet** and should visit the IAI website at www.iTransfer.org for additional information.

Occupational therapists are concerned with people's ability to perform their work, self-care, and play in a competent, self-satisfying manner. When disease, trauma, or stress interferes with performance, the occupational therapist uses various methods of mutual problem-solving, environmental modification, and adaptive devices to support and enhance performance. This program provides the foundation course work necessary for admission to an occupational therapy program. Occupational therapy programs are masters degree level programs which require two years of prerequisite course work followed by four years in an approved occupational therapy program. **Admission to occupational therapy programs is very competitive!**

Pre-OCCUPATIONAL THERAPY COURSE RECOMMENDATIONS (22-23 credits)

(Check with the school to which you plan to transfer to verify transferability of courses for this major)

Select 22-23 credits from the "suggested" course recommendations listed below:

Suggested Pre-Occupational Therapy courses often include:

- BIOL 221 (4) Human Anatomy & Physiology I (Prereq. BIOL 111 with grade of C or better; **OR** CHEM 105 with grade of C or better; **OR** high school chemistry within the past 5 years with grade of C or better)
- BIOL 222 (4) Human Anatomy & Physiology II (Prereq. BIOL 221)
- PSYCH 102 (3) Human Growth & Development: Life Span (Prereq. PSYCH 101)
- OR** ED 101 (3) Child Growth & Development (Prereq. placement into ENG 099 or above)
- PSYCH 203 (3) Abnormal Psychology (Prereq. PSYCH 101)

A course in medical terminology is often recommended

Other suggested courses that satisfy the PSC AS degree requirements may include electives such as:

Any additional general education courses selected from Areas B, C, D, or E

Any entry level majors course in a transferable major area

Any foreign language courses*

Up to four credits of physical education courses

Additional courses recommended as transferable by the school(s) to which you plan to transfer.

**Foreign Language Requirement: Some universities have a foreign language requirement. Generally, four years of a single foreign language in high school, or four semesters in college, will fulfill this requirement. It is recommended that students complete the entire sequence at one institution.*
